

FORMULA STUDENT **SWITZERLAND**

The Place, The Rules & The Quiz

We hope you had a nice Christmas holiday and could replenish your batteries. We are trying hard to get everything going to bring an awesome event in July 2020 and are sorry that we could not give you much information so far.

With this Newsletter there will be some new informations. The first version of the handbook is out! It can be downloaded on our [website](#).

New Place / Handbook

Here we would like to point out that there is a correction to the last Newsletter. Sadly we had to change the place for the competition, fortunately we found a new space at our dear sponsor Switzerland Innovation Park Zurich which supports us with their place in Dübendorf.

The address can be found in the [handbook](#).

Carnet

To be able to come to Switzerland, the teams need some documents to cross the border. As Switzerland is not part of the European Union, all foreign teams need a Carnet ATA for temporary import of goods.

More Information about the carnet can be found [here](#).

Rules Quiz

We will have a registration quiz for FS Switzerland on January 31st 2020, where the teams can participate. We will also provide two test quizzes prior to this date to test our system and to give the teams the possibility to prepare themselves for the final quiz. More Information about the quizzes can be found [here](#).

Thank You

We want to express our gratitude to our two new sponsors, Switzerland Innovation Park Zurich and SAE Switzerland for their help in building this event and to Swiss E-Mobility for supporting Formula Student Switzerland.
